Washington—Don't be at all surprised if the three U. S. cruisers sent to Singapore, for the February opening of the giant British naval base, do not return to the United States.

It has not been definitely decided yet, but they probably will remain in Oriental waters—presumably near Singapore—for some time to come. Also, the 10,000-ton cruiser Louisville, which is accompanying them to Australia, may proceed north to Singapore and remain there.

All this is in line with Roosevelt's Far Eastern strategy, previously disclosed in this column, of closer cooperation with the British. It is one of the most important of all administration policies.

**French Naval Base**  
Furthermore, it will cause no surprise if another squadron of U. S. cruisers should visit the new French naval base at Point Saint-Jacques in French Indo-China. This is equipped with large dry-docks, and will be one of the most important naval stations in the Far East when completed, which will be soon.

How far in advance Roosevelt envisaged the present Chinese-Japanese crisis can be gathered from his conversations with Edouard Herriot, ex-premier of France, back in April of 1933.

Herriot had come over to discuss preparations for the London economic conference, but Roosevelt spent part of the time inquiring about French naval plans in the Orient. One question he asked was how soon Saigon (chief port of Indo-China) could be developed for a large naval unit. Herriot replied that it was not being developed but that Point Saint-Jacques was, and thereupon invited the use of the French naval base by U. S. warships.

**Buzzy Dall**  
Mrs. Roosevelt has brought back from Seattle a new story about Buzzy, her lively 8-year-old grandson.

Several weeks after Buzzy entered school in Seattle, a young neighbor told his mother:

"There is a new boy in our class. His name is Buzzy Dall. I like him very much, but you know I don't think he is very truthful. Why he told me he has fed live bears out of his hand and his grandfather is president of the United States."

Note—Accompanying his grandfather, the president, through Yellowstone Park last fall, Buzzy did feed cookies to the bears along the road.

**Labor Row**  
Keep an eye on that secret plan of Alexander F. Whitney, president of the Brotherhood of Railroad Trainmen, for peace between the A. F. of L. and the C. I. O. It offers a real solution of the controversy and you will hear a lot more about it.

Briefly, here is Whitney's proposal:

The A. F. of L. and the C. I. O. would preserve their present independent status, but would join with the Big Four rail brotherhoods in a "Consultative Council" on which each of the three groups would have equal representation. This council would act as a sort of supreme court in deciding questions of jurisdiction and other controversial issues.

The brotherhoods, affiliated with neither AFL nor CIO, would act as the balance wheel between the two. Each would be independent and autonomous in its own sphere, yet united through the bond of the council.

In addition to its practicability, there is another potent factor favoring Whitney's plan. It comes from an independent quarter on good terms with both battle fronts.

**Tit for Tat**  
The scramble for the Democratic nomination for Governor of New York is warming up.

The other day the Young Democrats of New York City invited U. S. Assistant Attorney General Robert Jackson, the President's choice, to address their annual banquet on February 25. Jackson accepted and the Young Democrats started preparations for a big state political rally.

At once New York State Attorney General, who is expected to run for the Democratic nomination for governor of California in the August primaries, said in his letter of resignation he wished to return to his home state "to take care of pressing matters there."

The letter was dated January 14. Replying under date of January 19, the president said, "in view of the fact there remains important unfinished work in connection with the payment of dividends to depositors in closed national banks requiring at least your part time attention, I shall ask you to withhold your resignation until April first."

**Japanese Decry Naval Building**  
Tokyo, Jan. 20.—(AP)—Japan's conflict with China is no excuse for a world-wide naval building race, Rear Admiral Kiyoshi Noda, spokesman for the Japanese naval office, emphasized today.

"If any of the powers take the Chinese-Japanese affair as an excuse for building bigger navies they have a distorted point of view," Noda said, "as our sole objective is to secure peace in the far east thereby."

## Twas No Use

Culver City, Calif., Jan. 20.—(AP)—They wiped some of the grease-paint from grouchily, grumpy Robert McWade's pallid face, tried to give him a drink of water and restore him to consciousness. "It's no use," said Dr. Susan Jones, M-G-M studio physician, "he's dead of a heart attack."

Bob McWade, 56, in reality a lovable character, but in his film roles generally a whining, stubborn old fool, died yesterday on the studio set of "Benefits Forged."

SUB-COMMITTEE  
VOTES APPROVAL  
OF STANLEY REEDFinal Senate Confirmation  
is Slated for Early  
Next Week

Washington, Jan. 20.—(AP)—A Senate judiciary sub-committee voted unanimously today for the nomination of Stanley F. Reed to be a justice of the Supreme Court.

The vote was taken immediately after the committee concluded a brief hearing on Reed's qualifications.

Senator Logan (D-Ky.) said there was no discussion of Reed's qualifications by the committee members.

The brief hearing was attended by Reed, now solicitor general, and Attorney General Cummings.

The Attorney General praised Reed's legal ability and said the nomination of the 53-year-old Kentuckian was a "great personal satisfaction."

**To Full Committee Monday**  
The judiciary sub-committee will put the nomination of the solicitor general before the full judiciary committee Monday. Prompt approval was expected and final Senate confirmation was slated for early next week.

Cummings' testimony followed disclosure by Chairman Logan (D-Ky.) that only one protest against Reed had been received.

Logan said the protest came from a "gentleman in New York" who wrote he did not know the solicitor general.

When the Attorney General finished testifying, Logan told the committee he wished "to testify in behalf of Mr. Reed myself."

Describing Reed as a "clean, high-class Christian gentleman," Logan added:

"Kentucky never has produced a finer lawyer than Stanley Reed."

Farmer, Jilted By  
Girl, Murders Her;  
Commits Suicide

Osseo, Wis., Jan. 20.—(AP)—Sheriff Martin D. Brom of Trempealeau county said today the automobile deaths of Benny Christianson, 38, a farmer, and Dorothy Metcalf, 17, were murder and suicide.

Bodies of the two were recovered last night from Christianson's car after they had been charred in flames which destroyed it.

Brom said Lester Ross found a 22 calibre pistol between the front seats of the car. Five of the seven bullets had been discharged, Brom said.

Christianson, a married man, Brom said, had been keeping company with the girl for some time, but recently she said she would not associate with Christianson any more.

Comptroller of the Currency to  
Resign; Is Seeking Governorship

Washington, Jan. 20.—(AP)—The White House announced today the resignation of J. F. T. O'Connor as comptroller of the currency, and said President Roosevelt had asked that it not take effect until April 1.

O'Connor, Los Angeles attorney, who is expected to run for the Democratic nomination for governor of California in the August primaries, said in his letter of resignation he wished to return to his home state "to take care of pressing matters there."

The letter was dated January 14. Replying under date of January 19, the president said, "in view of the fact there remains important unfinished work in connection with the payment of dividends to depositors in closed national banks requiring at least your part time attention, I shall ask you to withhold your resignation until April first."

"In my opinion," the president added, "this course of action will enable you to take care of pressing matters in your home state of California and yet give you an opportunity to return here as often as necessity requires during the interim."

The president's letter was addressed to "My Dear Jeffy."

Marshall R. Diggs of Dallas, Texas, who was appointed first deputy comptroller two weeks ago, will become acting comptroller when O'Connor leaves. Diggs, appointed by O'Connor and Secretary of the Treasury Morgenthau, succeeded William Prentiss, Jr., who moved to San Francisco to become chief national bank examiner of the 12th federal reserve district.

Diggs has been in the comptroller's office since February, 1934, as executive assistant to the comptroller.

EXPECT RISE  
IN BUSINESS  
BEFORE LONGManufacturers In Ac-  
cord Slump Is Al-  
most Over

Washington, Jan. 20.—(AP)—A business leader told Congress today that two-thirds of the country's manufacturers expect a business rise some time during 1938.

The informant was Colby M. Chester, chairman of the National Association of Manufacturers, who testified at the Senate unemployment inquiry. He based his statement on a cross-section survey of 40 manufacturers.

A representative of another large group of businessmen, the United States Chamber of Commerce, expressed the opinion to the House ways and means committee that its tax revision program did not "go far enough." The Chamber representative, Fred Clausen, said the undistributed profits tax should be repealed at once.

Chester, who also was asked his views on taxation by the Senate committee, said he had an open mind on the undistributed profits and capital gains taxes, drawing from a committeeman the comment: "That's unusual."

A joint congressional committee, trying to draft a single ever-normal granary bill, ran into a snag today over earmarking benefit funds for certain crops.

Senator Smith (D-SC) said some of the conferees working on separate granary bills passed by the House and Senate favored earmarking a definite percentage of benefit payments for cotton, wheat, corn, rice and tobacco—the five major crops under the program.

**Oppose Allocation**  
Others opposed any definite allocations for single crops.

The filibuster against the anti-lynching bill was resumed, meanwhile, in the Senate and the House continued debate on the \$553,000,000 naval appropriation bill.

Senator Ellender (D-La.), starting his sixth day of speech-making against the anti-lynching measure, joined Senator Connally (D-Tex.) in saying southerners would drop the anti-lynching fight any time to consider President Roosevelt's program.

He told the Senate he "hoped to demonstrate to the American people" that the "lunatic barbarity" which he said followed racial intermarriage had "reached the confines of our country."

The Louisiana, who said he hoped to talk throughout the day's Senate session, asserted: "I mean to bring this problem close to home to you senators, and I don't mean maybe."

He added that he intended to depict conditions in Harlem, "the city within the city in which one of the proponents of this bill, Senator (Continued on Page 6)

Mrs. Anna Holmes  
Dies at Hospital

Mrs. Anna Holmes of 113 Madison avenue, about 78, passed away at 2 o'clock Wednesday afternoon at the Katherine Shaw Betheda hospital after an extended illness. Mrs. Holmes had been a resident here for more than 35 years.

She is survived by one sister Mrs. Maggie Steel with whom she lived. A brother, Erastus Dailey was killed in the Civil war.

Funeral services will be held at the home at 2 o'clock Friday afternoon. Rev. William E. Thompson, pastor of the Church of the Brethren, will officiate and burial will be in Fairmount cemetery at Poio.

Fasting Dean Removed  
From Pastorate by His  
Bishop in Letter TodayDean Noe's Superior  
Pleads With Him to  
Abandon Fast

Memphis, Tenn., Jan. 20.—(AP)—Bishop James M. Maxon ordered the removal of fasting Dean Israel Harding Noe today.

The bishop, recovering from a serious illness, sent a lengthy written communication to the deanery today in which he notified the clergyman he was taking over the duties of St. Mary's Episcopal cathedral.

This step had been urged for several days by some leaders of the church. It came at a time when the Dean apparently was getting much weaker.

The Dean, fasting to prove the fact of immortality, made no immediate comment.

**Letter of Kindness**  
"For the first time, I am well enough x x x to be advised of what has transpired during the past two weeks," Bishop Maxon wrote.

"At the outset I wish to say that I am writing this letter in all kindness and love. "I regret to advise that it is convincingly evident to me that you must be removed as Dean of St. Mary's cathedral. This removal will take place at once. However, your stipend will continue for the next six months and you will be permitted to occupy the deanery for that period."

The bishop's message besought Dean Noe to discontinue the fast which has been broken only by communion since January 2. All last year, Dean Noe said, he lived on oranges alone.

Four More Freed  
Of Gasoline Price  
Fixing Charges

Madison, Wis., Jan. 20.—(AP)—Federal Judge Patrick T. Stone released four more individual defendants in the government's gasoline price-fixing case today, reducing to 32 the number of oil company executives and officials still on trial.

The four released today were: Dewey K. Chamberlain, Tulsa, Okla., manager of the Tulsa division of the Pure Oil Co.

Thomas Fitzgerald, Tulsa, assistant to the vice-president in charge of sales, Mid-Continent Petroleum Corp.

H. A. Gardner, Bartlesville, Okla., tank car sales manager, Phillips Petroleum Co.

C. M. Boggs, Arkansas City, Kansas, president of the Western Petroleum Refiners Association—an independent organization.

PWA Moving For  
Dissolution Of  
All Injunctions

Washington, Jan. 20.—(AP)—The federal district court here started today a long series of hearings on motion by the Public Works Administration to dissolve injunctions against municipal power projects to be financed with PWA loans and grants.

The projects have been tied up in litigation for from one to three years. The way was cleared for the dissolution motions when the Supreme Court on January 3 upheld the PWA loan and grant program in a test suit brought by the Alabama Power company on constitutional grounds.

A few injunctions already have been nullified or have expired. The hearing started today was on a motion to dissolve an order obtained by the Memphis Power and Light company against construction of a power project at Newbern, Tenn.

Dates were set for other hearings included:

January 28—Illinois Power and Light corporation, Jacksonville, Illinois.

Sanity Hearing  
For West Liberty  
Murder Suspect

Lawrenceville, Ill., Jan. 20.—(AP)—A sanity hearing will be held tomorrow before Circuit Judge Roy E. Pearce for Thomas Pantry, 52, of West Liberty, Ill., charged with murder in the corn knife slaying of Ira Hanna, Noble, Ill., farmer, last October.

Clarence Thompson, 28, also of West Liberty, has not entered a motion for a similar hearing and it was believed he would await trial on a murder charge in February.

## He Is Peeved

Indianapolis, Jan. 20.—(AP)—Harry Silver didn't begrudge burglars the carton of cigarettes they stole from his grocery store—but he was peeved at the way they turned the store into a "slap-stick" movie set.

The burglars broke 15 dozen eggs on the floor, walls and counters. Then they seasoned their impromptu omelette with two dozen crushed bananas and five pounds of beans.

ULTIMATUM TO  
BRITISH ONLY  
NIPPON BLUFFJapanese Fail To Invade  
Concession After  
Threats

Shanghai, Jan. 20.—(AP)—Shanghai British circles received word today that Japanese forces at Tientsin had explained as a "misunderstanding" a threat to invade the British concession—which could have meant an armed clash with British troops.

The First Lancashire Fusiliers, only 850 fighting men, had stood ready to repel the threatened invasion, authoritative British circles here declared. Their version of the incident was:

Yesterday Japanese warned they would enter the British concession forcibly unless Chinese suspected of anti-Japanese activities were expelled. The threat was understood to be virtually an ultimatum expiring at 3 P. M.

The British troops waited for the zero hour, under orders to fight back, even though such action might have meant annihilation since Japanese have thousands of men at Tientsin.

The supposed zero hour passed and nothing occurred. Then the incident was settled with the assertion it was a misunderstanding.

Although Chinese reported additional gains by their troops counter-attacking in the Yangtze river valley and on the seacoast south of Shanghai, snow and sleet halted most military operations and frustrated Japanese air bombardment.

**Japs in Blizzard**  
Japanese advancing north along the Tientsin-Pukow railway asserted they had occupied Mingkwang, 55 miles northwest of Nanjing, and were pushing through a blizzard toward Hsiaoohio-Little Chicken river.

In Shanghai, police of the international settlement and French concession rounded up 98 Chinese men and women suspected of acts of terrorism against Japanese. They said existence of a Chinese terrorist society definitely had been established.

Visiting Shanghai for an "exchange of views" with Admiral Harry E. Yarnell, commander of the American Asiatic fleet, Paul V. McNutt, United States high commissioner for the Philippines, toured war-devastated areas of northern Shanghai.

Chinese said that on Wuhu, 60 miles up the Yangtze river from Nanking, their forces had gained a dominating position over the city.

Another Chinese general—Liu Chih, commander of Chinese troops along the Peiping-Hankow railway—was reported arrested in the housecleaning of provincial warlords.

## Labored in Vain

Elgin, Ill., Jan. 20.—(AP)—There's a burglar at large who had better visit his tailor.

Police theorized after finding two valuable rings and a wrist watch on the floor in various parts of the house that the jewelry dropped through a hole in his pocket after he bound and robbed Mrs. Leon Viall of Crystal Lake.

## Terse News

**AT HOTEL VAN BIBBER**  
Fourteen transients were given shelter at the city police station last night, the largest number in several weeks. Their home destinations were given from Los Angeles, Cal., to Brunson, S. C., and the ages ran from 17 to 72 years with eight states being represented in the group.

## ATTENDED FUNERAL

Mrs. C. E. Hill has returned home after a few days in Lena and Freeport. In Lena she attended the funeral of her cousin, Mrs. M. M. Crozier. Many friends in Dixon will remember Mrs. Crozier. She was treasurer of the W. H. & F. Missionary society of the Lutheran synod of northern Illinois for 29 years.

## ADDRESSED LIONS

L. G. Adams, gas engineer of the Illinois Northern Utilities Co. was guest speaker at the meeting of the Lions club Tuesday noon, his talk being on natural gas, and being very interesting and instructive. State Representative Henry J. White of Sonomaux was also a guest of the club.

## IN CIRCUIT COURT

A jury was selected in the circuit court this morning in the case of Harriet Leavings of Amboy against the estate of the late C. W. Smith, an action to recover on a note in the amount of \$5,000 and interest. The case is one which was appealed from the county court and is the final hearing docketed for the January term for jury trial. With the selection of the jury, the remainder of the panel was excused for the term by Judge Edwards.

## FOUND DEAD IN JAIL

A man who police said gave his name as Walter Warren, 36, of Detroit, and boasted of having served sentences in Folsom and San Quentin prisons, was found dead in the DeKalb city jail last night. An overdose of a narcotic was blamed. The man had been jailed earlier in the day after his ejection from a transport bus for allegedly causing a disturbance.

Coast Guardsmen  
Find No Trace Of  
Reported Blaze

Jacksonville, Fla., Jan. 20.—(AP)—Coast Guardsmen could find no trace today of a fire reported by an eastern airlines pilot off the East Florida coast near Cape Canaveral. The pilot said last night it appeared a boat was burning, although he added the light may have been caused by a marsh fire on an island.

A shore patrol from Titusville found no signs of a blaze. The cutter Vigilant was dispatched to make a complete investigation.

Hunter Seeking  
Seat in Congress

Rockford, Ill., Jan. 20.—(AP)—State Representative Edward C. Hunter, Rockford Democrat, announced today he would seek the nomination for congressman from the 12th district in the April primaries. Noah M. Mason, Oglesby Republican, is the incumbent.

Hunter said his platform would call for an equitable distribution of responsibility between labor and business. The Illinois federation of labor included him recently among a score of legislators with favorable labor records in the general assembly.

Prosecution Tracing Movements of  
Paul Wright Before Double Murder

Los Angeles, Jan. 20.—(AP)—The prosecution, summoning today a bartender, two parking station attendants and a hotel telephone operator, sought to picture Paul A. Wright as a man who coolly premeditated murder against a backdrop of gaiety and drinking in Hollywood night spots.

Wright, 38, former president of the busy Union air terminal in Burbank, is on trial for his life for shooting to death his attractive young wife, Evelyn, and his "best friend," John B. Kimmel.

Summoned to the witness stand to tell the last hours of Kimmel were Richard Walsh, bartender in Clara Bow's "It Club," where Wright and Kimmel drank together before driving to Wright's Glendale home at 2 A. M. Nov. 9—

EXECUTION OF  
WOMAN AND  
AIDE DELAYED

## Stelle Acts During Absence of Gov. Horner Today

Springfield, Ill., Jan. 20.—(AP)—Acting Governor John Stelle announced today he had reprieved for one week the executions of Mrs. Marie Porter and Angelo Ralph Giancola, who were scheduled to die in the electric chair at Chester soon after midnight.

The lieutenant governor, acting as chief executive while Horner is in Washington, said he granted the week's delay solely on the plea of Giancola's mother.

Horner yesterday refused to grant clemency to Giancola and Mrs. Porter. If the execution is finally carried out, she will be the first woman legally electrocuted in Illinois, and the first executed since 1845.

Saying he had the word of Giancola's mother that additional evidence had been found, Stelle said:

"Can Do No Harm"

"It is my belief that a short stay will do no harm in this case. I deeply feel for Giancola's mother and want her to have every opportunity to produce evidence that may help to save her boy's life."

"I am a father myself, having two sons that are not much younger than the St. Louis youth who is under sentence of death. My granting a short reprieve certainly will in no way thwart the ends of justice, but may prove the means of bringing new light into the case."

"While I have no sympathy for either of these defendants, I do not believe it would be fair to reprieve one and not the other."

When the reprieve was announced, Stelle was in Chicago, ready to start for Philadelphia and Washington.

Made public was a telegram from Mrs. Mary Giancola of St. Louis, addressed to Horner and the pardon board. It said:

**Text of Telegram**  
"Please grant my son, Ralph, another reprieve in order to give us a chance to present further evidence in support of his plea for commutation."

The reprieve postponed the executions until January 28, by which time Horner will be back in the governor's chair. He is expected to return Saturday and Sunday, with George M. Maypole of Chicago, president pro tem of the senate, to be acting governor in the interval after Stelle leaves the state.

It was the third time the Porter-Giancola execution date had been postponed. They were sentenced to die December 18, but Circuit Judge Dick H. Mudge, who presided in the trial at Belleville, gave Giancola a stay until January 10 to permit him to go before the Supreme Court.

Horner gave Mrs. Porter a reprieve of the same length and then granted a double reprieve which set tomorrow as the execution date.

Horner, barring court action, is expected to have final disposition of the case since he will be within the state, officially carrying out his duties as governor, when Stelle's reprieve expires.

## RECALL FIRST WOMAN

Lawrenceville, Ill., Jan. 20.—(AP)—The first and only woman to be put to death for a crime in Illinois sang as she rode to the gallows on her own coffin. It was recalled today as the state prepared to electrocute another woman tomorrow.

Find Evidence That  
Crashed Plane Lost  
Tail Fins In Air

Bozeman, Mont., Jan. 20.—(AP)—Part of the tail assembly of the Northwest Airlines plane which crashed near here 10 days ago, killing 10 persons, was carried away while in flight. A. D. Niemeyer of Seattle, department of commerce airlines inspector, testified today.

Both vertical fins, about four and a half by four feet in size, and the attached rudders of about the same dimensions were missing when he reached the wreckage. Niemeyer told a department of commerce board of inquiry meeting here.

"I soon found evidence that satisfied me that the surfaces (fins and rudders) missing had not been carried off by impact with the ground but apparently had been carried off while the plane was in flight," the inspector said.

## M. E. CHURCH MEN ARRANGE SERIES OF FINE TALKS

### Buxton Announces Com- ing Programs of Men's Club

Dr. Horace G. Smith, president of Garrett Biblical Institute, will address the First Methodist church Men's club, Tuesday, February 8, on "Washington as a Farmer" and Attorney H. C. Warner will speak on "Lincoln as a Lawyer," at their monthly dinner meeting, which will be patriotic in theme.

At the February dinner twenty tables with host and hostess at each table will be prepared for the club. Rev. Howard P. Buxton announced yesterday plans for the remaining Men's club meetings of the spring months at which time several prominent and interesting speakers are being engaged to speak here.

At the March meeting which is open to the public and which will be held in the church auditorium, Rabbi Louis Binstock, D. D. of Temple Shalom, Chicago will address the audience on "Europe Today." A capacity house is expected to hear him. In the April meeting, Dr. Gene Vest, Ph. D., of Harvard University and professor of English at Dakota Wesleyan University will speak.

Roy West, former secretary of the interior under President Calvin Coolidge and probably Ex-Governor and Senator Charles Deneen are being engaged to appear here at the May meeting. Paul Armstrong is president of the program committee and is assisted by Dr. A. N. McNichol and Henry Hey. Earl Kennedy is president of the club.

The last Sunday in January will be general visitation day promoted by the Men's club. The first Sunday in February will be observed as Go-to-Church Sunday featuring a men's chorus at services at that time.

### Heiress, Little- Known In America, To Wed In August

New York, Jan. 20.—(AP)—Announcement of the engagement of Miss Louise Carnegie Miller, 19, granddaughter of Andrew Carnegie, the steel king, brought into the limelight today one of America's least-known heiresses.

Miss Miller, whose parents, Mr. and Mrs. Roswell Miller, have announced her impending marriage next August to J. S. Gordon, 40-year-old Edinburgh lawyer, has been shielded from the social fanfare attending the scions of the more publicized Astor and Vanderbilt clans.

Graduated from the fashionable Spence school last June, she has never been presented formally to New York society. Some day she will share in the \$300,000,000 fortune amassed by her grandfather, a Scottish immigrant.

### Weirton Employees Ask Investigation

Weirton, W. Va., Jan. 20.—(AP)—A demand for an immediate investigation of the national labor relations board went to Congress today from representatives of approximately 900 Weirton steel company workers and members of the Weirton employees' security league.

The demand, adopted in a resolution yesterday by the advisory committee of the sheet mill unit of the league, asked Congress to determine:

"To what extent, if any, the board had overstepped its legal authority or violated the constitution of the United States, especially that portion of the constitution known as the bill of rights."

The resolution said that an 85-day hearing conducted by the board into charges Weirton employees were company-dominated was so conducted as to "cause widespread disrespect for the administration of justice by the federal government."

The security league is a social and insurance organization affiliated with the Weirton employees' representation plan.

## FDIC CHAIRMAN GIVES BANKERS SET STANDARDS

Milwaukee, Jan. 20.—(AP)—Leo T. Crowley outlined a set of standards for bankers today and urged their whole-hearted support of the Federal Deposit Insurance Corporation's "efforts to strengthen the banking system as it now exists and so to preserve it."

The FDIC chairman, addressing the Wisconsin banking association's mid-winter meeting, reviewed steps taken to promote sounder banking in recent years and suggested:

Increased attention to "improving the quality of bank assets as well as to the problem of bank capital."

Progressive acquisition of high-grade, acceptable assets to build a satisfactory security portfolio and "a relatively risk-proof note pouch."

Institution of satisfactory beginning capital requirements for new banks.

"Maintenance, 'going' institutions, of a 'satisfactory ratio of capital funds to total assets so that ordinary fluctuations in the value of assets will not result in impairment or insolvency."

Regular and sizeable additions by banks to their capital funds out of earnings before payment of dividends.

Close study of the chances for success before chartering new banks.

Thought, by bankers, of earnings in terms of net profits after elimination of losses before venturing into new types of earning assets about which they know little or nothing.

Acquisition, by bankers, of greater knowledge of the credit standing of institutions whose securities they hold.

The discovery of celluloid was brought about through the accidental upsetting of a bottle of colloid.

## Chautemps Wins in First Round

Paris, Jan. 20.—(AP)—Premier Camille Chautemps and his newly-formed government won the first

step today in efforts to arbitrate recurring labor disputes.

Paris truck drivers and employees agreed in principle on an average eight and one-half per cent wage increase, to meet increased living costs. The truckmen struck

December 23, and still held possession of a number of garages today. Employers demanded their evacuation before the final agreement was signed.

A new labor complication arose, however, when 600 coal miners at

Escandian, near Valenciennes, struck in protest against the discharge of a worker.

The premier, meanwhile, completed an outline of his declaration of government policy to be submitted to the full cabinet this afternoon. It was to be read to the Chamber of Deputies Friday.

It was expected to promise swift completion of a code for social peace, old age pensions, agricultural benefits and other reforms.

## RATHER COSTLY EDUCATION

"Left-wing thinkers in the non-political class are coming around to a new line of thought," Paul Mellon finds. "They have discovered, in practical reality that labor is the main sufferer in the present depressed situation, while the politicians and business men are arguing who started it. . . . Bread and butter comes before republicans and democrats."

It is worth something to have the left-wingers learn that, but what a costly education!

They were reminded constantly of:

- Laws of supply and demand.
- Laws of diminishing returns.
- Traditional timidity of the dollar.
- Fear born of tampering with currencies and of upsetting currencies of the world.
- Experience has written volumes about these elements that, in the end, prevail and control. Yet any suggestion that such laws cannot forever be ignored and overruled was met with "We want," and "We are going to take," and "We have the power," and "We are going to be masters."

When laws of nature and of economics step in, it is as masters of the "masters."

## THEN AND NOW

Something happened since President Hoover appointed Justice Cardozo to the supreme court of the United States. Time was when the country was canvassed for a man who had grown and risen in estimation of lawyers by experience on the bench or had achieved outstanding recognition as a lawyer and was regarded as a man of judicial temperament. For the supreme court. Some times recognition was given to a locality, in order that one section should not have more than its proportion of judges, but even when President Hoover appointed Justice Cardozo, the fact that New York already had Justice Hughes, by appointment of Hoover, and Justice Stone, by appointment of President Coolidge, did not hinder Justice Cardozo was chosen because of his long and distinguished record as a jurist in the state courts.

Now the country is likely to accept an appointment to the supreme court with the understanding that the appointee may be able and distinguished, but that he will decide all government cases from the standpoint of desires of President Roosevelt.

Packing of the court was proposed in a slick manner, sandwiched in with generally approved court reforms, but before the proposal had gone far it was admitted openly and above board that the purpose was to pack the court with men who would decide the New Deal cases in accord with presidential wishes. The congress was under domination of the president, the court was to be brought under domination of the president.

Although the proposal to pack the court was defeated, the laws of nature are working to open the way to appointments by President Roosevelt. It is too much to expect him to change his ambitions and desires within a few months. What prompted him to desire to pack the court, must now prompt him in his decision in filling vacancies. In these circumstances, the Roosevelt appointees will have to accept these highest posts in the government with knowledge that many persons regard their decisions as already made.

## WITHOUT FOOD

Dean Harding Not of St. Mary's Episcopal cathedral in Memphis, is seeking to demonstrate that a just and holy man may exist without food, drawing sustenance from divine sources. As this was written the clergyman had survived many days without food or water. For a year preceding this foodless and waterless regime, he had taken nothing but

oranges. He prepared for the orange year by a twelve-month of training on nuts and oranges. Normally the dean weighed 200 pounds. When his dieting propensity at last drew national attention, he had lost half his normal weight.

Dean Noe insists that the experiment, if that is what to call it, is on the square. Scientists, however, believe that if the experiment is conducted as the dean says, then the results violate natural laws.

Most of us heretofore have believed the fare of John the Baptist, who dined on locusts and wild honey, was the utmost in asceticism. Thousands of the devout, throughout religious history, have fasted to mortify the flesh as a matter of principle, or to atone for real or imaginary misdeeds. Now and then chroniclers have related the story of one who decided to quit the grocer, but none of these experimenters is here. Without exception they at last found themselves in a horizontal position from which they were unable to rise, and were gathered unto their fathers.

We trust Dean Noe will learn upon authority that he has erred in considering food a concession to baser appetites. Most of us have found the grocery a pleasant place, delightful to the olfactory nerve and appealing to the eye with row on row of delectables. If it is now demonstrated that appetite is a mere weakness and the taking of nourishment a snare and a delusion, many honorable men will have a cloud cast upon their occupation.

We can consider the relief worker who in the future might tell a client: "If you would behave yourself you wouldn't need to come here for food." Or the pastor might tell his assembled flock: "I perceive you have been eating again." We also would have among us, as usual, the man who can take it or let it alone.

The task of a minister of the gospel is a hard one that ravel the sieve of care, and we submit that the Memphis divine probably could go about his duties with more energy if he would return to the consumption of farm and dairy products with gusto.

It might relieve the apprehension of the millions who earn their livings by the production, distribution and preparation of food.

## ANOTHER COLD TRAIL

Still looking around for something with which they can sting the newspapers, New Dealers began playing with the second class mail privilege. It looked as though they could sock 'em and soak 'em through that.

Inquiry into the situation disclosed that the small newspapers are the ones that would be hit, and that the larger ones use the second class privilege to a small degree, compared to total distribution of newspapers by carrier and truck.

Another cold trail.

## Proposes Cutting High Cost of Dying

Albany, N. Y., Jan. 20.—(AP)—A proposal designed to cut the "high cost of dying" has been offered by American-Laborite Assemblyman Gerard J. Muccigrosso, of New York City.

He said he would introduce a bill permitting the creation of municipal funeral authorities in first class cities to provide cheap funerals.

Muccigrosso said that statistics show the average funeral in the low-wage earner class costs at least \$300, adding that a municipal funeral authority could provide the same service for \$60 or \$70.

Approximately 1,150,000 tons of tin plate are used annually in the United States in the manufacture of tin cans.

## STATE HOLSTEIN SESSIONS OPEN IN DIXON TODAY

About 300 Persons Are Registered Here By Noon

At noon about 300 persons had made registration as visitors to the annual meeting of the Illinois Holstein Breeders' association which opened here today.

Following registration of delegates at the Elks club this morning a luncheon was served at the Hotel Nachusa.

Opening the afternoon session which began at 1:15 o'clock at the Elks club, Mayor Slothower welcomed the guests to Dixon. Dr. Coleman G. Bufford, president of the Illinois Holstein association, responded to the welcome.

"The Facts About Bangs Disease and Its Control" was the subject of an address by Dr. Robert Graham, professor of animal pathology and hygiene, and Dr. W. W. Yapp, also of the university, gave an illustrated lecture on the "Genetics of Animal Breeding."

A business meeting concluded this afternoon's activities.

## Annual Banquet Tonight

At 6:30 tonight the annual banquet will be held at the Masonic temple. Dave Thompson, associate editor of Prairie Farmer, will be toastmaster and the speaker will be A. C. Oosterhuis, president of Holstein-Friesian Association of America. Another feature of tonight's program will be the motion picture to be presented by E. M. Clark of the National Dairy show. Awards will be made to the champion Holstein 4-H club boy and girl.

Following the banquet there will be a dance in the Masonic temple ballroom. Door prizes at this evening's affair will include a purebred Holstein calf and dairy products.

Opening the second day's program tomorrow, J. J. Sampson, assistant in animal pathology and hygiene at the University of Illinois, will talk on mastitis and its control in Illinois dairy herds. He will be followed by C. S. Rhode of the dairy department of the university, speaking on the value of black and white shows in breeding better Holstein cattle.

## The WASHINGTON MERRY-GO-ROUND

(Continued from Page 1)

torney General John Bennett, long a gubernatorial aspirant, got busy with a rival show. Through friendly old-line Brooklyn leaders, Bennett arranged to have a testimonial dinner given in his honor on the same night Jackson is scheduled to address the Young Democrats.

Note—A dark-horse aspirant for the nomination is Adolf Berle, former Roosevelt brain-truster and intimate friend of Rex Tugwell and Mayor Fiorello La Guardia. No hint of Berle's candidacy has yet been made public, but he is the secret La Guardia-Brain Trust choice.

## Supreme Court Etiquette

A Washington law student, who drives a taxi to pay his way through school, carried Justice McReynolds to the Supreme Court the other day. The student immediately recognized the Justice and, in the informal manner of Washington taxi-men, started a conversation.

"This is a real honor for me, Judge," he said. "I'm taking law and I hope to practice before the Supreme Court sometime."

"Then you ought to know, young man," observed McReynolds drily, "that I am not a 'Judge.' I am an Associate Justice."

The youngster subsided for a few minutes, then tried again. "Mr. Justice," he asked, "what do you think of this idea of Mrs. Roosevelt's of appointing a woman to the Supreme Court?"

"I don't think much of it."

"Why not, sir?"

"Well," replied McReynolds, "how would you like to be tried by a woman?"

## Answer to Question No. 1—

1. We have no exact measurements of this but the testimony of many speakers, actors and singers, coupled with my own experience of twenty-five years as a public speaker, lead me to believe that women are much quicker than men with applause—at least I gained that impression the few times I ever received it. It seems to me women are more generous than men in giving applause and keep it up longer.

## Answer to Question No. 2—

2. Most competent students believe environment and effort will change mental characteristics much more than they will physical characteristics. Moreover, if you include personality traits such as persistence, trustworthiness, determination, cooperativeness, friendliness, etc., in the word "intelligence,"

writers less and less. He has a dictaphone in his home, and he composes his speeches by talking into the machine. . . . Proponents of the Florida Canal are quietly laying plans for passing their bill at this session. . . . Mrs. Stanley F. Reed, wife of the new Supreme Court Justice, is herself listed in Who's Who. She is a top figure in the D. A. R. . . . Dominican Delegate Manuel Jesus Troncoso de la Concha has despaired of finding wintry scenes in Washington; he plans a visit to Niagara Falls. . . . According to passport figures, the State least represented in foreign travel last year was Arkansas. Nevada was a close second. . . . A single apartment hotel in Washington houses 7 Senators and 22 Representatives; they are a motley assortment from all political parties and all parts of the country.

## ANTI-SEMITIC POLICY VEXING GOGA'S REGIME

Bucharest, Jan. 20.—(AP)—Premier Octavian Goga's anti-Semitic government appeared today to be facing a period of economic uncertainty.

Since Goga took the governmental helm in Rumania December 28, the prices of almost all staples have gone down. Government economists said the development was to be expected because of business disturbance due to sudden application of anti-semitic measures.

The government, apparently, has made no effort to check the downward price movement, and last night it took steps which accelerated the tendency.

Saying it acted on behalf of the peasants, the finance ministry arbitrarily ordered cuts in the prices of cotton goods, petroleum products and salt. The price of standard quality beef also was reduced.

A finance ministry official said that prices "heretofore controlled by Jewish merchants" were being slashed for the benefit of Rumanian citizens.

The opposition element said the government unexplainably was giving impetus to the downward tendency in all markets which started with threats to eliminate most Jewish businesses without an adequate period of readjustment.

Former Premier Alexander Vaida-Voevod, head of the nationalist party, said he believed there was a chance Goga might receive a working parliamentary majority in elections March 2, but that even so the jolt of trying to eliminate about one million Jews from Rumania's economic and social life on short notice would be a severe trial for any government.

## FIREMEN FIGHT

Springfield, Ill.—(AP)—Attorney Joseph Londrigan, representing firemen affected by the new minimum wage law, filed a motion to strike a petition of the city of Springfield for a rehearing of the case. The state Supreme Court held the legislation, which affects more than 50 downstate cities, was valid.

## Securities Qualified For Sale In Illinois Show Marked Decrease

Springfield, Ill., Jan. 20.—(AP)—Secretary of State Edward J. Hughes said today that \$689,917,442 in securities were qualified for sale in Illinois last year compared with \$1,756,706,412 in 1936, a drop of 60 per cent. The securities department tributed the decline to unsettled conditions in the financial markets the last half of the year.

## Greet's Jail Term Smiling Broadly

Chicago, Jan. 20.—(AP)—Miss Rose Marie Gennarelli, 28, smiled broadly as Judge Rudolph Desort in criminal court sentenced her to a year in the county jail on her plea of guilty to a charge of conspiracy to defraud. Then she turned to Assistant State's Attorney Julius Sherwin and thanked him "for your kindness."

A few minutes before, Patrick J. Billings, 29, one time movie extra, was sentenced to prison for from one to five years and fined \$1,000. He was convicted by a jury yesterday of a similar charge.

Miss Gennarelli testified in his trial that Billings posed as a movie star and persuaded her to embezzle more than \$5,200 from her employers to finance his film career.

## A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

## BIRTHDAY BALL TO BE HELD ON FRIDAY, JAN. 28

The annual President's Birthday ball will be held on Friday night, January 28, at the Dixon state hospital amusement hall. Music will be furnished by a local eight piece orchestra.

This will be Lee county's fifth annual celebration of President Roosevelt's birthday. As before, the money raised will be used locally in the fight of infantile paralysis.

The celebration of the President's birthday will be strictly non-partisan as will be the use of the proceeds of the ball. The committee arranging the entertainment is made up of Lee county citizens from all walks of life and different political parties. Everyone is asked to lend his and her support to this worthy cause. Tickets will be on sale next week. The admission charge will be one dollar per couple and dancing will be from nine to one.

## SUNSHINE CLASS MEETS TONIGHT

The Sunshine class of the St. Paul's Bible school will hold its regular meeting at 7:30 this evening. It is hoped that a full attendance will greet the new president, Mrs. Wickley. Hostesses for tonight will be Mrs. Hutton, Mrs. Marshall, Mrs. Anderson and Mrs. Stanley.

## Miss Street Will be Guest Speaker for Woman's Club

The meeting of the Dixon Women's club at St. Luke's Episcopal church at 2:30 o'clock Saturday afternoon will be in charge of the Public Welfare department, of which Mrs. A. C. Bowers is chairman, and the department is pleased to present Miss Evelyn Street, daughter of the club's president, Mrs. Lester Street, as guest speaker.

Miss Street is a graduate of Coe College at Cedar Rapids, Ia., has done special study at other universities, is a registered nurse, for two years was chaperone of the Bureau of Travel, making several trips abroad in charge of parties of young ladies, is a member of the faculty of her alma mater and is now in charge of the college's hospital.

During the meeting Mrs. Howard Byers will sing, and the afternoon is expected to be unusually interesting and profitable.

## Ideal Club Enjoys Pleasant Afternoon

The Ideal club held a pleasant meeting at the home of Mrs. Elizabeth Beier Wednesday afternoon. Interesting educational notes were read at roll call.

Mrs. Lloyd Lewis read three chapters from the study book which described the domestic problem of France and the hotels and cafes of Paris.

During the social hour the hostesses served dainty refreshments.

## ENTERTAIN FOR SCOUT LEADERS

The Girl Scouts Council delightfully entertained the Scout leaders at the Methodist church Tuesday evening, a scramble supper and rotation of games, for which prizes were awarded, proving a happy event for the fifty present.

## OXFORD CLUB BANQUET FRIDAY

The first annual banquet of the Oxford club of the Methodist Episcopal church will be held at the Wayside tea room at 6:30 o'clock Friday evening. Reservations, of which between 30 and 40 have already been made, are being taken by Miss Milla Wohnke.

## Play Presented At Farm Bureau Meet

The regular meeting of the South Dixon Farm Bureau was held at the Will school house on the Peoria road. The meeting was called to order by the chairman, J. W. Cortright. All united in singing one stanza of America. The minutes of the previous meeting were read and approved. At this time it was decided that Henry Shippert would serve as treasurer for the ensuing year.

A play, "The Laughing Cure," directed by the teacher, Miss Dorothy Tourillott, and presented by the young people of the community, was given and was very much enjoyed. Roll call was given, 41 members and 21 visitors being present. A brief account of the progress of the cold storage locker plant was given, which was followed by a social hour and refreshments were served, thus completing a very pleasant evening.

## Practical Club Enjoys Luncheon

The ladies of the Practical club were entertained at a delicious three course luncheon Tuesday afternoon with Mrs. H. D. Bills and Mrs. Clinton Rhodes as hostesses. The tables were very attractive with bowls of white crysantheums which graced the center of each.

Following the luncheon the ladies motored to the Bills' home where a business meeting was held. Mrs. Frank Wilson presided and the members responded to roll call by telling their pet economy. Mrs. D. G. Palmer read an article on "Trees" and confined her topic to the Tribune Timberlands which are on the north shore of the Gulf of St. Lawrence. More than 3000 square miles of timberland are in operation there, the source of pulpwood to make newsprint. The balsam and spruce are the most desirable wood for the manufacture of newsprint. Shelter Bay, within the basin of Rocky river, is the main source of floating logs from the forest to the sea by means of its widespread system of waterways.

This enormous industry tells something of the magnificently impressive country in which it is conducted and also of the fine, courageous men who risk their lives in the face of incessant hardships to accomplish their difficult and dangerous tasks in the process of logging.

Mrs. Palmer's article proved very interesting and educational.

## MISS CLEARY HONORED AT TEA

Mrs. M. E. Mahon entertained at tea Tuesday afternoon for Miss Lucille Cleary, Mrs. James Reynolds, Mrs. Clark Mossholder, Mrs. Muriel Easley, Mrs. C. C. Rowley, Mrs. Boyd Steward and Mrs. William Rink. Miss Cleary, the guest of honor, has been visiting Dixon friends since her return from Los Angeles.

## Mrs. Mildred Beier, of Dorothy Chapter, Signally Honored

Mrs. Mildred Beier, Past Worthy Matron of Dorothy Chapter, Order of Eastern Star of this city, and the chapter received an unexpected and signal honor last evening when the Worthy Grand Matron of the order, Lillian G. Burchby, paying her official visit to the chapter at the Masonic Temple, appointed Mrs. Beier representative of Saskatchewan.

The appointment came during the meeting of the chapter, which followed a dinner at 6:30 o'clock, which was attended by about 150 guests, and was made after Mrs. Beier had escorted the distinguished guests to the East during the ritual accompanying initiation of new members. Following the bestowal of the honor on Mrs. Beier the Worthy Grand Matron praised Dorothy Chapter and its officers and members for their fine exemplification of the work, their beautiful quarters and their fine hospitality.

The meeting witnessed the initiation of Mr. and Mrs. Henry Sheller and Mr. and Mrs. Bert Meeks and the affiliation of Mr. and Mrs. Elmer Hubert, and was attended by about 350. During the work Laverne Parks pleased all with a vocal solo, being accompanied by Allan Reed.

The dinner, which was served at tables decorated in lavender and yellow, embellished with ferns, and with a bouquet of yellow roses at the Worthy Grand Matron's place, was enhanced by music furnished by Mrs. Myrtle Rice Bishop.

Out of town guests at the dinner and meeting, in addition to Grand Matron Burchby, included: Worthy Grand Patron, Wm. Rapp, Grand Chaplain, Dorothy Witherstone; Grand Marshal, Mona McKay; Grand Ada, Mabel Brooking; Grand Warder, Helen Haas; Grand Sentinel, Ella Wisart; Grand Representative of Louisiana, Agnes P. MacMeekin; Grand Representative of Massachusetts, Ann Rapp, grand lecturers and members of the grand committee.

## To Study Problem Of Food Selection At Cooking School

What is the determining factor in food selection? Perhaps the nationally known home economics authority, Mrs. Emily M. Lautz, may revise that question to ask "What should be the determining factor," when the Telegraph's interesting, free Cooking School opens next Tuesday in the Dixon Theatre.

Shrewd marketing is close to the top of the list in household arts, regardless of whether the homemaker is on a limited budget, thinks the Telegraph's food expert. The balance of the meal, the condition and quality of the food, often are settled by the time of day the shopping is done, as well as by the buyer's purse, time allowance and personal preferences.

Not content with merely giving new recipes, the trained specialist who presides over the model kitchen in the Dixon Theatre will review the foundation steps of meal planning. In other words, Mrs. Lautz will conduct her class of pupils in a review of the A-B-C's of vitamins, nutrition, balanced menus and safe dieting.

Should foods be selected for appearance, for food value, for economy? How important a part do vegetables play in the daily diet? Is price an indication of food value in vegetables?

Mrs. Lautz makes it a point to explain how proper cooking methods bring out the tender, palatable qualities of the cheaper cuts of meat, which actually contain just as much nourishment as their costly cousins of the same family.

Wise counsel on cooking, seasoning and the preparation and simplified serving of appetite-appelling meals naturally will convey fresh inspiration on how to avoid menu monotony.

Mrs. Lautz understands the art of combining entertainment and instruction, so that her sessions are cheered by jollity, and spiced by knowledge. She knows how to take the gloom out of laundry day, how to disguise those problem-children—known as left-overs—how to lend first-aid to fallen cakes, how to keep pastry from becoming soggy, how to save time, temper and energy in meal preparation and how to keep attractive, in spite of the daily rush.

That sounds like a tall order, even for a trained home economist and experienced lecturer, but homemakers are advised to sweep up their worries, tag them with a question mark and bring them to the four-day Cooking School. Come armed with notebooks and pencils, too. Troublesome questions on homemaking will be answered at each class.

Convenient recipe sheets, giving accurate measurements and instructions of demonstration dishes, will be distributed daily. And some pupils will have the thrill of carry-

## WEEKLY SUNDAY SCHOOL LESSON

**HEALING THE SICK**  
Text: Mark 1:29-45  
By Wm. E. Gilroy, D. D.  
Editor of Advance

The mother-in-law of Simon Peter, one of the fishermen who responded to the call of Jesus to become a disciple, was sick with fever; and when Jesus came into the house of the two brothers, Simon Peter, and Andrew, He took the sick woman by the hand, raised her up and restored her to such health that she was able to rise and minister to them.

The fame of this act of healing evidently spread so quickly that, in the characteristic description of the lesson, "All the city was gathered together at the door." The record is that He healed many, but the next morning Jesus went off into a desert place and there prayed.

Simon Peter and the others of these early disciples were evidently greatly puzzled. They followed Jesus, and when they found Him they expressed their surprise in the words, "All are seeking Thee." But Jesus did not return with them to the city where these things had been done. He said, "Let us go on to the next towns, that I may preach there also; for to this end I came forth."

There is a great mystery attached to the healing ministry of Jesus; nor is it only the mystery that attaches to the miraculous or to the things that we cannot understand by reference to the known law governing sickness and health.

Any honest investigator in this field knows that remarkable and seemingly inexplicable things occur. He is not likely to conclude that these inexplicable things are contrary to some law or process of nature or God. On the contrary, he is likely to see in these remarkable things the operation of some higher law of nature or the spiritual forces of life which man has not yet sufficiently explored or comprehended.

But the mystery of the ministering of Jesus to physical needs goes beyond this. The healing of the body is everywhere subordinate to His spiritual ministry and the healing of the soul. He is presented in the New Testament, in spite of all the miraculous records, not as a magician and wonder worker, but as a great Teacher and Savior.

Plus the fun of watching the very latest in household equipment and accessories in practical use in the model stage kitchen, will be an impressive daily parade of worthwhile gifts, offered by participating merchants and firms.

Watch for a complete list of these valuable gifts with their donors—all friends worth remembering. Remember, too, the dates of the big social reunion, Jan. 25-28 in the Dixon Theatre.

bringing to man the wonderful words of life, the forgiveness of sins, and the inspiration to righteousness and goodness.

If we could imagine a man of great power coming into our city today, with ability to minister health and restoration to sick and broken bodies, we should assume that he would exercise that ministry toward all who came, that he would regard that as a great privilege and opportunity, and that to the very limit of his physical powers he would receive all who came, and not escape to the desert while he still had the means and opportunity of healing the sick and restoring the halt and lame.

Why did Jesus not conceive His ministry as that of bodily healing? Why did He not bring health and restoration to all within His reach, as evidently He had to some? Why did He apparently minimize this ministry of physical healing, and always insist in some way that He had come to minister above all to the souls of men? Why did He constantly urge those whom He healed not to tell others about it, whereas some modern faith healers would be seeking the widest publicity?

We cannot answer these questions fully. But we must put the emphasis of the ministry of Jesus where He himself put it. He came to save men from their sin. Salvation is more than bodily health; it is the health and welfare of the soul.

## Miners Opposing Gov. Earle's Plan

Pottsville, Pa., Jan. 20—(AP)—Opposition to Governor George H. Earle's proposal that the federal government purchase the state's anthracite fields and lease them to private operators came today from a miners' organization.

"Federal purchase of coal lands will never cure conditions as they now exist," said J. Joseph Brennan, of Heckscherville, president of the Independent Miners and Truckers' association of Schuylkill and Northumberland counties.

Governor Earle, in announcing approval of his plan Tuesday by leading operators and officials of the United Mine Workers, said he believed unauthorized mining on company-owned lands would be eliminated by the "process of re-employment."

## MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. Most people pass about a pint a day or about 3 pounds of waste.

Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

# HE SELLS TOBACCO TO THEM ALL

**But Branch Bobbitt, like so many other independent experts, prefers Luckies...**

"AT AUCTIONS in my warehouse in Farmville, North Carolina," says Mr. Branch Bobbitt, "the higher the tobacco sells for, the better my profits. So I'm always glad to see Lucky Strike buyers in there bidding. They know what they want and they'll keep bidding right up until they get it."

"Well—in a cigarette—it's the tobacco that counts. I know tobacco and I know what tobacco is in what cigarettes. So that's one reason I've smoked Luckies for 5 or 6 years."

Mr. Bobbitt represents the "aristocracy" of tobacco experts. He judges the tobacco that the growers grow. He's impartial, not connected with any cigarette manufacturer.

Many other experts agree with Mr. Bobbitt. Sworn records show that, among independent tobacco experts, Luckies have twice as many exclusive smokers as have all the other cigarettes combined.

## Forty-Six Listed Dead In Holocaust

St. Hyacinthe, Jan. 20.—(Canadian Press)—Officials of the

College of the Sacred Heart counted

46 of its teachers and students

dead today in the fire which levelled

the 37-year-old brick building

yesterday.

The bodies of only 26 victims,

however, had been recovered from

the wreckage, all that remained of

the structure in which more than

100 persons had been trapped in

their sleep.

Paul Emile Prefontaine, previously

listed as one of those believed

to have perished, was reported

today by his parents to have

reached home during the confusion.

New Vitamin May Prove Valuable

Havana, Jan. 20.—(AP)—A new

use of vitamin B-1, which acts like

a drink from the fabled fountain

of youth, was reported to the Pan

American Medical Association today

by Elias Stern, M. D., of New

York City.

For the first time in the history

of medicine, his paper said, this

vitamin, in synthetic form, has

been injected directly into the human

spine.

"Some elderly persons," he declared,

"actually felt rejuvenated

and much younger than their

years."

"The value of the method has

been proven clinically in a large

number of different types of nervous

disorders. Decided symptomatic

improvement was noted in

cases of hopeless cancer, beri-beri,

multiple sclerosis, alcoholic neuritis,

sciatica, Von Reckling-Hausen's

disease and infantile paralysis."

Man, 23, Exonerated Of Daylight Robbery

Charleston, W. Va., Jan. 20.—(AP)—

Employees and officials of the

First National Bank of South

Charleston said today Earl Saunders,

23, held for questioning by

state police, did not participate

in the \$25,000 daylight robbery of

the suburban bank.

Saunders, stopped last night near

Lewisburg, W. Va., in a car which

Capt. G. H. Sken said was stolen

in Charleston, was returned to jail

on an auto theft charge.

Two hundred federal, state and

local officers, meantime, maintained

a vigilant watch over fog-shrouded

highways in the mountain state

for the three men who executed the

bold robbery yesterday.

## FLOOD CONTROL PROGRAM NOT IN LINE WITH FDR

Washington, Jan. 20.—(AP)—The

projects committee of the national

rivers and harbors congress advocated

today a flood control and

waterway program sharply out of

line with President Roosevelt's

budget recommendations.

Members of the committee, concluding

a two-day meeting preliminary to the

congress' annual convention, said they would propose

expenditure of \$275,290,000 during

the 1939 fiscal year as recommended

by army engineers.

Their proposals, to be presented

to the convention tomorrow, will

supplement a report on scores of

rivers and harbors and flood control

projects that would cost a billion

or more dollars over a period of

years.

President Roosevelt, in his budget

message, recommended that 1939

fiscal year federal expenditures be

limited to \$143,500,000, of which

\$76,000,000 would go for flood control

projects and the remainder for

rivers

### Milk Dealers To Reduce Prices By One Cent a Quart

Chicago, Jan. 20.—(AP)—Paul Potter, executive secretary of the Associated Milk Dealers, Inc., announced yesterday that this price of milk sold in retail stores in Chicago and suburbs would be reduced from 12 to 11 cents a quart beginning Monday.

Potter said several dealers had decided to cut their prices to retail merchants from 10½ to 9½ cents a quart.

The milk association's secretary asserted that prevailing home delivery prices would remain at 13 cents a quart.

Two dozen sea shrimp eggs could be placed on the head of a pin.

### Union Organizer Faces Jail Term

Chicago, Jan. 20.—(AP)—Gus Novotny, organizer and business agent for the upholsters and furniture workers' union, faced a one to 10 year prison sentence today after a criminal court jury convicted him on charges of malicious mischief.

The jury reached its verdict last night after deliberating an hour and 20 minutes.

The state summoned witnesses who testified that Novotny hired two youths to break windows and throw stench bombs in seven shops where employees had refused to join the defendant's union.

February 14 has been set as the date for hearing his motion for a new trial. If it is overruled he will be sentenced at that time.

#### Republican Chairmen Meet Tomorrow to Plan Campaign

Springfield, Ill., Jan. 20.—(AP)—Republican county chairmen, hesitant about slates as they sought co-operation between downstate and Cook county, hunted for a senatorial candidate today as they received reports of Democratic disunion.

The downstate chairmen will meet here tomorrow with Edward F. Moore, head of the Cook county committee, to plan strategy for the April 12 primary.

State Attorney Charles A. O'Connor of Aurora, who took the lead in organizing the chairmen on Appellate court district lines, said the Friday program is unsettled and commented:

"All we are working for is harmony and the ultimate victory in Illinois, realizing that Illinois is a pivotal state for national victory."

Who they might nominate for the senate, early arrivals were uncertain. They mentioned several names as possibilities, but few downstaters advocated endorsement of a state-wide slate. Much of the talk was about prospects of a Democratic split, which might increase Republican prospects for winning the Dieterich senatorial seat.

More than two weeks in advance of the opening date for primary filings, the Republicans reported

that candidates were seeking the congressional and legislative district nominations.

For the state-wide races, however, most of the places were still open. Oscar Nelson of Geneva, former treasurer and auditor, had announced for state treasurer. William R. McCauley of Olney, former state senator and Legion commander, was mentioned as another potential aspirant for that job.

Word was received that Ralph E. Church of Evanston would stay in congress, rather than trying for the senate. Others talked of as possible entries for the senatorial nomination were Rodney Brandon of Batavia, former director of public welfare; Edward A. Hayes of Decatur, former National Legion

Commander; Richard J. Lyons of Libertyville, state representative; Franklin J. Stransky of Savanna, former state chairman; and William Sneed of Herrin, former state senator and mine workers president.

The organization of Republican county chairmen by Appellate districts was unprecedented, following a series of sessions by the state central committee. The downstate chairmen, claiming their counties had cast from 35 to 65 per cent of the Republican vote since 1896, first protested that Cook county leaders were dominating the party.

At Moore's suggestion, chairmen from all sections were called to the meeting tomorrow.

### Statistics Show Building Permit Filings Fell Off

Chicago, Jan. 20.—(AP)—The division of statistics of the Illinois department of labor announced today that 758 building permits with a total construction cost of \$3,338,804 were issued during December in 113 cities. This compared with 1,873 permits and \$5,507,123 during the preceding month.

The estimated dollar cost figure for December was 35.8 per cent below that for November.

The division's report said that "considering prospective building

in the state, the estimated dollar value of new residential building declined 50.9 per cent; new non-residential construction declined 29.9 per cent and additions and alterations dropped 21.9 per cent."

Only 134 permits for new residential buildings were issued in December, the report said.

### General Epidemic Is Said Unlikely

Springfield, Ill., Jan. 20.—(AP)—Although discounting the likelihood of a general smallpox epidemic, the public health department said today that a half dozen troublesome lo-

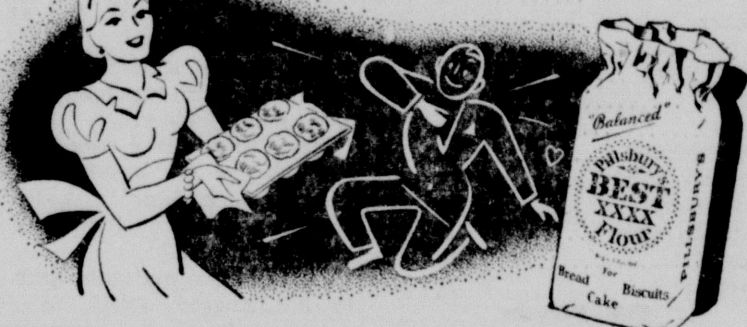

cal outbreaks have occurred this year and more of them would be no surprise.

Pointing out that some schools have had to postpone mid-year graduation exercises, the department said the confusion might have been avoided by requiring the vaccination of all teachers and the routine promotion of vaccinations annually among newly admitted pupils.

A total of 11 small pox cases have been reported this year, mostly mild in character.

## Paw Paw Happenings

Recent Events in Thriving Lee County Village Reported by Mrs.

Lloyd O. Coleman

By Mrs. Lloyd Coleman  
Paw Paw—Leo Hutchinson of Ohio spent the week end with his twin brother, Leon Hutchinson, of Paw Paw.

Semester examinations were given in the high school and grade school last week. Many of the pupils enjoyed holidays due to the fact that their grades were sufficiently high to exempt them.

The Presbyterian Guild presented the musical revue, "Happy Daze," in the school auditorium last Tuesday evening. Fifty men of Paw Paw and vicinity were in the cast. Arthur Tillman of Earlville directed the presentation. A large crowd was present.

The Builder's class of the M. E. church will sponsor a cafeteria supper in the dining room of the church on Thursday evening, Jan. 20. Serving will start at 5:30 p. m.

George Moore held a general farm sale on Tuesday of this week at his farm two and one half miles southeast of town. Mr. Moore contemplates taking up his residence with his mother, Mrs. Eliza Moore, of Paw Paw. Miss Lucy Moore, his sister, who has kept house for him, will also come to Paw Paw to reside.

The McCormick-Deering day, sponsored by the Miller brothers, farm implement dealers, was well attended on Monday when nearly four hundred farmers were present to examine the latest in farm machinery, and to watch motion pictures depicting the manufacturing and use of farm implements, presented by the company. A fine lunch was provided by the Miller brothers to all who were present.

The Triple S Sunday school class of the M. E. church will hold a bake sale in one of the downtown stores on Paw Paw Saturday.

The Rev. Mosher filled the pulpit of the Baptist church last Sunday as a candidate for the local pastorate.

Rev. and Mrs. Coleman, accompanied by Mrs. H. W. Clarke of La Grange, and Mrs. Ralph Pierce of Evanston attended the Ladies Aid meeting in Compton on Thursday afternoon. Later in the evening Mrs. Pierce addressed the Compton Epworth League.

The Community club will hold its meeting on Tuesday evening, Jan. 25. A program of movies, and an oyster supper will be the attractions. The election of officers will be held at this meeting also. The meeting was postponed from the regular meeting date because of the program presented the preceding Tuesday by the Presbyterian Guild.

Mr. and Mrs. Albert Linden, of near Shabbona, are the parents of a son born Thursday at the home of Mrs. Eliza Moore.

The regular installation of officers of the Rebekah lodge was held on last Friday evening.

The Boy Scouts met at the M. E. parsonage on Monday evening, and following a brief business meeting games were played and popcorn was served. Plans were made for a hike to be held on Saturday morning.

Mr. and Mrs. Orville Brewer and family will move from the country into the Edwards home this week.

The Epworth League meeting on last Sunday evening was very well attended with a very appreciative audience, there being about forty-five persons in attendance. About fifteen of the group were from Compton. Dr. Stephen Wojcik, Alfred Drummond, Louis Miller, and Rev. Lloyd O. Coleman conducted a panel discussion of "Alcohol."

Following the panel discussion the young people were permitted to ask questions. Several conclusions were drawn from the discussions, as follows: First, that alcohol, having serious effects upon both the physical and the moral nature of an individual, should be studiously avoided. Second, that although prohibition is good as far as it goes, it must be supplemented with a course of mass as well as individual education as to the scientific results of the use of alcohol on the individual, and on society. Third, that parents and young people interested in the non-use of alcohol, should furnish an example to others. Following the discussion games were played, and refreshments served by Mrs. Wayne Pierce, Mrs. Clara Nelson and Mrs. Blaine Pierce. The next joint meeting of the two leagues will be held on Feb. 13, when Paw Paw league will go to Compton.

Mr. and Mrs. Alfred Drummond will spend the week end in Chicago with Mrs. Drummond's parents.

Miss Helen McEwen will accompany Mr. and Mrs. Drummond to Chicago, and will spend the week end with her parents in Highland Park, Illinois.

Miss Ellen Work of Elgin visited friends in town and attended the program sponsored by the Presbyterian Guild on Tuesday evening.

Mr. and Mrs. Everett Powers visited Sunday at the Chester Heath home in Genoa.

Mrs. Mary Hackman and son Wellington, visited at the Chester Heath home on Monday.

Mr. and Mrs. Harold Torman, John Runyon and Bobby Torman were interested observers at the

ski jumping exhibition on Sunday at Cary, near Elgin.

Mrs. Martha Edward who has been receiving treatment in Wednesday returned to the home of her sister, Mrs. Philip Neibergall, this week.

Frank Nangle is still confined to his bed.

Mr. and Mrs. Elmer Wise and Howard, Edwin Wise, Delbert Dooling, of Earlville, spent Sunday at the Wise home in Paw Paw.

Mrs. Zephia Todd of Macon, Miss, is visiting at the home of her sister, Mrs. A. L. Forman. Later on Mrs. Todd will be employed as housekeeper by her nephew, Arthur Ewald, who farms the Nellie Adrian farm west of town.

Mrs. Margaret Erlenbaugh and Miss Gladys Erlenbaugh called on Mrs. Zephia Todd at the A. L. Forman home on Sunday.

The Literary club met last Thursday evening at the H. C. Barton home. A small number attended, but a very interesting program was provided and much enjoyed by those present.

John Ewald, Jr., of Steward, called at the A. L. Forman home on Saturday.

Raymond Goble of Sterling, visited relatives in Paw Paw over the week end.

Mrs. Mable Worsley entertained the Birthday club in honor of Mrs. George McBride at a 6:30 o'clock dinner. The evening was spent in playing bridge. Mrs. Kindelberger held high score, and Miss Atta Beach held low score.

William Worsley and son Neal of Chicago spent several days visiting relatives here.

Mr. and Mrs. Arthur Harper and Mrs. Mable Worsley and Mrs. Margaret Fry, Mrs. Lippincott, Mrs. Lillian Hammond, were all guests at the Al Kidd home for dinner, near Triumph, on Sunday.

Miss Gladys Politch spent Sunday at the Glen Berry home.

Mr. and Mrs. Lester Heiman and family of Compton took Sunday dinner at the C. W. Barth home. Little Jack Heiman celebrated his second birthday at that time.

Mr. and Mrs. Milo Betz of Fairbury, spent a few days with relatives in Paw Paw.

Both Mr. and Mrs. Ezra Betz are confined to their beds with rather serious colds.

Mrs. Mildred Bartlett of Chatsworth is visiting at the home of her parents, Mr. and Mrs. Ezra Betz, during their illness.

Little Dorothy Foster has been confined to her home for several days with illness.

The Triple S class held their regular meeting at the church parlors last Tuesday afternoon. A small group was in attendance, because of the icy streets, but the group enjoyed themselves in sewing.

Gobby Torman, who has been out of school during the last semester because of illness, has improved sufficiently so that he is able to return to school with the beginning of the new semester.

Mr. and Mrs. Orville Henry and son Gene, and Scott McLaughlin attended the ski meet at Cary on Sunday. Mr. and Mrs. Jim Knetsch accompanied them.

Word has been received here that Mrs. George Thorpe is confined to her home in Waterman by illness.

Mrs. Laura Gorton is ill at the home of her son, Martin, near Chicago.

Mrs. Bolden is caring for Mrs. Albert Linden, and small son at the home of Mrs. Eliza Moore.

A surprise party was planned by the neighbors and friends of Miss Lucy Moore and George Moore, southeast of town last Friday evening. Mr. Moore and Miss Moore are about to move to Paw Paw. Each were presented with a gift, and luncheon was served.

Mr. and Mrs. Ernest Clemmons of Compton were at the Frank Clemmons home on Sunday.

Mrs. Mable Worsley attended a celebration of the consolidation of the English and German Odd Fellows lodges in Mendota on Tuesday evening. More than a hundred people sat down to supper prepared and served by the men. These lodges have been in existence more than seventy-five years.

Mrs. Jim Gallagher entertained the sewing club at the home of her parents, Mr. and Mrs. William Buchanan. The afternoon was spent in sewing. Refreshments were served.

Mrs. William Buchanan and son Billy, and Dorothy, were in DeKalb on Saturday.

Roger Gallagher spent the week end at home with his mother, Mrs. Mae Gallagher.

Miss Atta Beach is suffering with a sprained ankle.

Mr. and Mrs. Walter Acker of Chicago, were guests on Thursday evening at the Robert Coss home. The Ackers were on their way to Ottawa where they are conducting a merchandise sale.

## WEST BROOKLYN

By Henry Gehant

West Brooklyn—The West Brooklyn high school recently received full recognition as a three year high school. Mr. Walter, the principal, is now in possession of a certificate to that effect. Such certificates are issued by the department of education at Springfield, following visits paid by Claude Vick.

The high school has been on probation for the past three years due to the lack of adequate equipment, arrangement of course of study, etc. This year new science equipment, typewriters, library books, bulletin boards, cabinets, etc., was found by the state to be satisfactory.

A full recognition means that there will be no danger of loss of credits following transfer to another school. Credit is due Mr. Walter whose efforts have been responsible for securing such recognition.

The high school basketball team missed going places in the tournament at Kings by only a few points. They were matched against the strong team from Lee Center which reached third place in the tournament.

The game with Lee during which an error was made by the time-keeper will be re-played at West Brooklyn, probably in February. If this is the last game of the season, the awarding of the radio will be held at that time. The high school students are trying to finance a trip to Urbana to see the finals of the Illinois basketball tournament in March.

Last week saw the completion of the first semester's work. Following examinations, report cards were issued. The honor roll was made by Lea Bieschke, Dorothy Gehant, Alice Gehant made the honor roll with four A's.

Sunday Evening Party

Guests for 24 tables of cards attended the card party held at St. Mary's hall on Sunday evening. Prize winners in 500 were, Mrs. Frank Schweiger, Mrs. Vera Bettner, Otto Haub and Arthur Bettner. In euchre, Mrs. Marie Mellott, Mrs. Dora Bauer, Joseph Sondgeroth and Earl Mellott. Mrs. Mary Bodmer won the door prize. The committee sponsoring the party this Sunday evening will be Mrs. Earl Mellott, Miss Georgene Gehant, Mrs. Ray Maier and Mrs. William Saltz.

## DIXON HOPES FOR SUPPORT IN BARB TILT

### Anything Can Happen To Alter N. C. I. Title Race

Barring unforeseen weather conditions which might make the roads icy, Dixon's cagers are hoping their followers will support them by journeying to DeKalb Friday night.

The Sharpshooters at that time will take on the present leaders of the fast North Central conference basketball race and a victory for Dixon will not only be a decided upset, but will throw DeKalb's impressive Barbs into a tie with aspiring Belvidere which is just a step out of a share of the top position with only one defeat marked against its record.

#### Change In Line-Up

Coach L. E. Sharpe inserted promising young Bugg into his heavyweight line-up in practice this week, indicating he intends to try the lightweight center out in a forward spot on the varsity in the DeKalb game. Bugg was entered in the Rock Falls game and Rock Falls had every chance of winning until Bugg turned the tide again in Dixon's favor with a couple of baskets. Although the local youth has not yet learned all the tricks of defensive play, he can be counted upon to be a steady and unexcitable player offensively no matter how the game is going.

The chief worry of the locals in DeKalb's lineup is the work of one of the leftfield boys who has been the mainspring of DeKalb's attack all season. Not since Terwilliger's days in the DeKalb school has a really dangerous man appeared to threaten the locals. This year, however, Dixon rates as the underdog for the first time in a great many seasons.

Although every team in the conference has lost at least two games except Belvidere and DeKalb, the championship is still far from being settled. Almost anything can happen between now and the last of February that might throw the race into a tie for the hunting.

## Army Day

President Roosevelt expected to arrive in Dixon April 6

Washington, Jan. 20.—(AP)—President Roosevelt re-emphasized in a letter made public here America's reliance for military protection on "patriotic citizens called to the colors when our peace and safety are threatened."

The letter, dated January 17 and addressed to Rear Admiral Reginald R. Belknap, commander-in-chief of the Military Order of the World War, by whom it was released, gave no indication that the president contemplates any increase in the army such as he will recommend to congress soon for the navy.

"The national defense act," the president wrote, "provides that our small regular army shall be the professional nucleus for an expanded force necessary for our protection in a crisis."

"The national guard and the organized reserves," he continued, "are composed of citizen-soldiers who in time of peace patriotically devote a portion of their time to preparing for their country's defense."

Occasion for the letter was presidential endorsement of Army Day to be held next April 6.

Roosevelt, saying that although the American army was one of the smallest in the world he was "glad to note that its efficiency is steadily improving," expressed the hope the nation would take opportunity on Army Day to learn more about the military defense machine.

In the "present disturbed condition of the world," the chief executive wrote, designation of the special Army Day will "serve to focus the attention of our people on our national defense."

He added that "the American nation is committed to peace and the principal reason for the existence of our armed forces is to guarantee our peace."

The fool of Charles I of England, Muckle John, was probably the last official court jester at the court of that nation.

## On the Side

Bits of Gossip of Sports Picked Up By AP Writer

By EDDIE BRIETZ  
New York, Jan. 20.—(AP)—If "Jumping Jackie" Hunt, 176-pound halfback sensation at Huntington high down in West Virginia really is ticketed for Notre Dame, how come a certain well-known West Virginia college coach has taken out a \$10,000 life insurance policy on the lad's life? ... What do you make of that, Watson? ... More than \$3,000 fans—a bumper crop—have witnessed the first half of the college basketball season in Madison Square Garden ... Gunnar Barlund, the Finn, who likes it plenty cold, has gone to Lake George to get ready for Buddy Baer.

Ouch Dept.: Earl Whitehill, Cleveland southpaw, has learned it pays to read the papers ... He drove all the way from Iowa through the snow to Cleveland to discuss his 1938 contract with C. C. Slapnicka, vice president of the Indians ... When he rolled into town he discovered Slapnicka was in Florida for his health ... General opinion around town is Enrico Venturi owes the New York State Athletic commission a vote of thanks ... Hundreds of pals said good-bye to Eddie Neil yesterday ... If you get too good for this world, up you go, to a better one.

Joe DiMaggio looks swell and feels the same way ... That stuff about him going to demand \$35,000 from the Yanks is strictly the old mahokus, as they say on W. 49th St. ... If Joe can settle for \$22,500 he'll be plumb tickled ... Tom Sweeney, smart young sports scrivener on the Worcester (Mass.) Evening Gazette, brackets baseball, football, tennis, basketball and golf as the most honest sports ... Hockey gets second place and boxing third ... Three guesses as to which sport wound up in the cellar ... (It starts with a "W") ... The main spots are going full blast and trade is picking up.

## LOUIS ECLIPSES JOE DIMAGGIO AT BRADDOCK CAMP

Popularity of Negro Boxer Leaves Ball Star Unnoticed

New York, Jan. 20.—(AP)—Big a man as Jo DiMaggio undeniably is, and however many homers he might hit next season for the youth of America, he still lacks the lustre of Joe Louis, the heavyweight boxing champion. There's something about a man who, presumably can lick any other man in the world with his fists.

The two of them were out at Pompton Lakes, N. J., yesterday, watching the oldtimer, Jim Braddock, put the finishing touches on his training for Friday night's 10-round engagement at the Garden with Tommy Farr, the brash Welshman. DiMaggio, the champion boxer, was just another spectator. Louis, who cracks strong men one punch and leaves them lying there was surrounded.

Crowded By Admirers  
Looking big as a skinned mule in the coonskin cap and heavy clothes that protected him from the near-zero weather, Louis sat and answered fairly intelligently a hundred questions tossed at him. Dozens crowded up to shake the young Negro's hand. DiMaggio, watching it, must have felt a complete outsider. Nobody asked him anything.

It was tough competition, as well, for Braddock, who lost his title to Joe last summer in Chicago. Jim boxed six rounds as hard as he could go, and looked good outside of occasional wild swings with his right. He said, referring to Friday night's scrap: "I'll be in there 'killing them.' But what everybody wanted to know was: Who did Louis think would win?"  
Joe didn't say.

MECHANICAL STOKERS  
The Interstate Commerce Commission has ruled that before July 1, 1943, 3,500 existing locomotives must be equipped with mechanical stokers and that all locomotives of specified classes built after July 1 must also be so equipped. Although around 11 million dollars will be involved in the equipment for existing locomotives alone, the order has little significant meaning from an investment standpoint.

Financial World.  
It was once common belief that the moon affected the minds of human beings.

## CUBS STILL IN MARKET FOR VAN LINGLE MUNGO

Don't Intend To Make Trade At Any Cost However

Chicago, Jan. 20.—(AP)—Chicago's Cubs still are in the market for Van Mungo's fireball and another outfielder, but if they don't get either, it will be all right.

Regardless of whether they make a deal between now and the start of the season, Clarence Rowland, who represents Owner Phil K. Wrigley in trading affairs, looks on the Cubs not only as the team to beat, but the likely National league pennant winner. Rowland has talked Mungo with the Brooklyn Dodgers without getting anywhere and discussed outfielders, particularly Johnny Rizzo, with the Pittsburgh Pirates Tuesday, with the same result.

Want Fair Trade  
"Certainly, we'd like to get Mungo if we could do it without letting go a half a ball club," Rowland said. "So would we go for a first class outfielder, but not as far as giving Frank Demaree. There would be no sense in filling in one position at the cost of leaving a hole somewhere else."

"Just as we are," he continued enthusiastically, "we look like the best club in the league. It's not reasonable to expect that we'll have another set of bad breaks such as 'caused the club to crack last year. We have a young ball club, with a few exceptions, and plenty of reserves."

Cub contracts were in the mail today, with few, if any, salary clashes included therein.

## Feller Wants Minor Adjustment In His 1938 Ball Contract

Van Meter, Ia., Jan. 20.—(AP)—Bob Feller doesn't rate as a full-fledged holdout, but the young fast-ball hurler wants the Cleveland Indians to make a "minor adjustment" in the contract offered for 1938.

Feller, at the farm home of his parents, said last night he had returned his contract unsigned, but did not consider himself a holdout and did not expect any trouble reaching an agreement with the Indians. He said he was satisfied with the salary offered, said by friends to be \$17,500, but also wanted a satisfactory bonus clause providing for additional compensation on the basis of victories.

"I returned by contract unsigned," the youngster said, "but I haven't heard from the club, probably because Slapnicka (General Manager Cy Slapnicka of the Indians) has been ill."

## Envoy Posts Up on Rough Seat

It's a rough seat that John Cudaby holds as he clears a stone wall on this hunter at Punchestown, Ireland, above, and the seat he holds as newly-appointed United States minister to Ireland is no cinch either. Ireland, incidentally, or the Gaelic "Eire," is the new official name of the country. A new constitution ended the 15-year-old Irish Free State, gives Ireland much greater freedom from British domination.

### "WE WUZ ROBBED," DECLARED THE DEVIL

Tuscaloosa, Ala. (AP)—Prof. Burke Johnston of the University of Alabama English department can put the punch of 20th century vernacular into his literature interpretations.

He read to his class from Milton's "Paradise Lost" how Satan, reclining on a bed of molten sulphur, tried to explain to Beelzebub why they lost their battle with the angels and were evicted from heaven. And then the professor's explanation:

"It's all very simple. All the devil says in 25 lines is, 'We put up a good fight but we wuz robbed.'"

## MACPHAIL ASKED ABOUT DODGERS' POSSIBLE TEAM

Pilot Won't Reveal Anything Regarding 1938 Line-up

Brooklyn, Jan. 20.—(AP)—Now that the Dodgers have acquired a high-powered executive for the front office, Brooklyn baseball faithful would like to know just what Larry MacPhail is going to do about putting a ball club on the field in place of the "daffiness" of recent years.

Who's going to play the outfield; what are we going to use for pitchers; is any catching help coming up; how about the middle of the infield; and (with emphasis) will Van Mungo be traded? Those and assorted other questions were fired at MacPhail today in his first full day as the Dodgers' vice president and general trouble-shooter.

### Not Promising Anything

Larry, however, isn't promising anything for 1938. His \$20,000-a-year contract has three seasons to run, and the ex-Cincinnati Reds' executive figures that will give him time to develop something in the way of big league material from a "farm system."

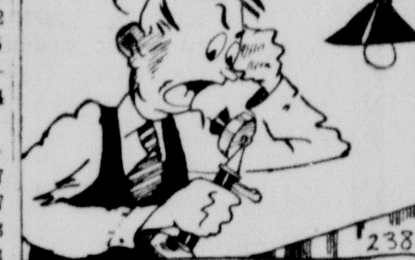

Definitely, his purpose now is development of playing material, rather than the purchase of established stars. However, he's in the market for players, and he figures in Mungo and first baseman Buddy Hassett he has two aces with which to lead.

"But we're open to trades only on condition we get players—and good ones—in return," he said. "Several clubs have bid for Mungo. And I'm sure there are seven other clubs in the league who could use Hassett. But we have to get plenty."

SERVE TH' CUSTOMERS VEGETABLE SALAD UNTIL I GET THERE

The district supervisor of a passenger bus company was notified by one of his drivers that the driver's bus had run into a vegetable vendor's truck while on the way to the Junction railroad depot. Twenty passengers were aboard the bus and the accident crippled the bus so that it could proceed only at very slow speed.

The supervisor arrived at the scene of the accident in his five passenger sedan and discussed the problem with the driver. After calculation he decided that he could take all of the passengers to the station in five trips so he ordered the bus to proceed at its crippled pace with sixteen passengers while he took four in the car. Then he returned, took four more, leaving twelve in the bus and repeated the process until he took the last four from the bus at a point one-half mile from the station. If the supervisor travelled three times as fast as the bus, how far from the station did the accident take place?

## Dixon High Civics Instructor Author Of Recent Article

Miss Myrtle Scott, instructor in history and civics at Dixon high school, recently completed an article entitled "Vitalizing the Teaching of City Government," that appeared in the January, 1938 issue of "Illinois Teacher," an educational publication.

Miss Scott's article is a practical approach to the problem of city government project work in high schools, using as her illustration the experience of the annual Dixon high school civics class city government project during which the students hold elections and rule the community for one day as its actual officers.

Two English words, facetious and abstemious, contain all of the vowels in their alphabetical order.

## Lee Center Wins 39-17 Victory At Franklin Grove

(Telegraph Sports Service)

Franklin Grove, Jan. 20.—Luckless Franklin Grove lost another basketball game last night here, this time to Lee Center by an overwhelming 39 to 17 score.

Franklin Grove appeared to be in the running until the second half of the game. In the third quarter the hosts sagged and in the final period they failed to score a point. Lee Center held an 8 to 2 first period lead and a 14 to 13 half time advantage. However in the third period the Lee Centerites drove into a 39-17 margin and then turned on the heat defensively as well as offensively in the last period.

## CHICAGO'S GREAT AIR SHOW BEING INSTALLED NOW

International Plane Exposition Opens January 28

Chicago, Jan. 20.—The first airplanes are being installed in the International Amphitheatre here this week for the International Air Show, America's greatest aviation exposition which will be held from January 28 to February 6.

In all, some 75 airplanes will be assembled under the roof of the vast amphitheatre and all but the largest planes will be landed on a special landing strip immediately adjoining it.

The Chicago Air Show is the official 1938 exposition of America's leading airplane manufacturers. All the new models will be shown. In addition, the Army and Navy and other government departments are presenting exhibits which will constitute a preview of the national aviation exhibits in the 1939 world's fairs.

### Stratosphere Ship

The Army will exhibit two pursuit planes and the famous stratosphere test flying ship in which army flyers have reached altitudes of 36,000 feet. It will be the first time this ship has been shown to the public.

Four air transport lines—United, American, TWA and Pan American Airways—in co-operation with the Douglas Aircraft Corporation, will exhibit one of the large Douglas sleeper transports which are in transcontinental service.

Various manufacturers will exhibit working demonstrations of such interesting phenomena as the radio beam and other aircraft radio devices, the automatic pilot, motors, propellers and floats which permit conversion of land planes for landing on water. A special section will be devoted to model aircraft built by various juvenile and adult organizations.

### Cavalcade of Flight

As an added attraction, the International will present twice each day "Cavalcade of Flight," a huge musical and dramatic spectacle based on the history of aviation.

The Air Show will bring to Chicago all the leaders of the aviation industry and such famous flyers as Dick Merrill, Jimmie Doolittle, Frank Hawks, Clyde Pangborn, Al Williams, Eddie Rickenbacker and many others.

Chicago radio stations and the national broadcasting chains are planning extensive special programs during Air Show week.

### AVIATION INVESTMENTS

Events in the aviation world in the last few days brought some profit-taking into a group which has enjoyed a sustained advance for some time. At the same time, considerable stock in the manufacturing group has been taken out of the market for long pull investment in the realization that 1938 is

# CONTROLS ARE SUGGESTED FOR THE CORN BELT

Would Limit Acreage Only To Certain Areas

Washington, Jan. 20.—(AP)—A joint congressional committee has agreed to apply acreage and marketing controls on corn, under the ever-normal granary program, only in the "commercial corn area."

Chairman Smith (D-S.C.) of the senate agricultural committee said this would limit controls to "the corn belt."

Senator Pope (D-Idaho) said this limitation would not encourage expansion of corn production elsewhere, because if this happens controls would automatically apply there.

Pope said a national marketing quota on corn would apply when indicated supplies were above 2-752,000 bushels, if two-thirds of farmers producing corn approved this in a referendum.

The Idaho senator said the "commercial corn area" would be defined as that area where farms produced 400 to 500 bushels or more for market. This term includes corn fed to livestock.

Limitation of the corn controls to the "commercial area" was in accord with the house granary bill. The senate measure ordered controls for any farm that produced 300 bushels for market.

**Level of Marketing Quotas**

Smith said the level at which marketing quotas would apply was a compromise between house and senate bills. He said "normal supply" for the program was set at average annual exports and domestic consumption for the past ten years, plus seven per cent for reserve.

The marketing quotas would apply when supplies reach ten per cent above "normal supply."

House and senate members, busy since January 3 in an attempt to draft a single bill from the separate measures, clung to hopes of reaching an agreement on all details this week end.

## PUBLIC TAUGHT HOW TUBERCULIN TESTS ARE MADE

"Just what is this 'harmless fluid' used to tuberculin test school students," is one of the frequent questions asked tuberculosis workers everywhere, according to the Illinois Tuberculosis Association.

The harmless fluid is tuberculin, a highly purified material containing no germs and absolutely unable to give anyone tuberculosis. In Illinois a purified protein derivative of filtered cultures of tubercle bacilli is recommended for use due to its uniformity and ease of administration. This substance is prepared in tablet form and is usually referred to as tablets tuberculin P. P. D., or "P. P. D." for short.

Years ago research workers found that tubercle bacilli, the germs that cause tuberculosis, release certain substances into the material in which they grow. These substances will pass through filters that hold back the tubercle bacilli. The clear liquid thus obtained contains no germs living or dead. Measured amounts of this diluted liquid may be placed between the first and second layer of the skin. This is the tuberculin test.

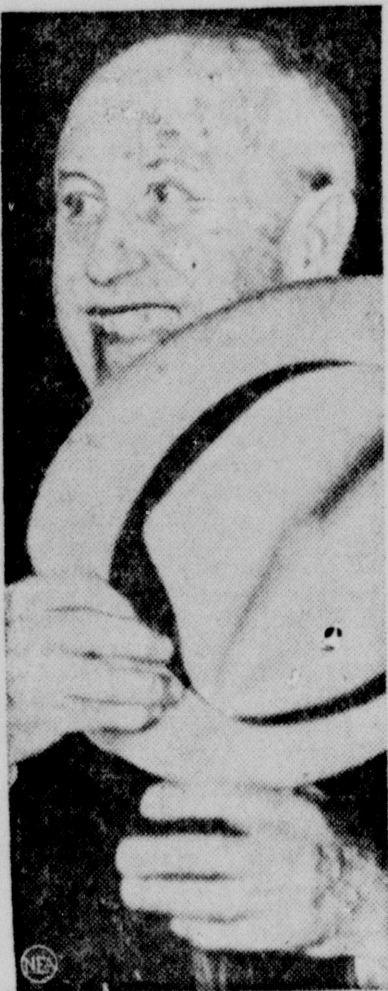

Recent studies by chemists under grants given by the National Tuberculosis Association from Christmas Seal funds bring out the fact that the substance which causes a reaction to the skin if the individual is infected with tuberculosis is protein deposited by the tubercle bacilli which have gotten into the body. It has been possible, within the last five years, to extract this protein in pure form. This is called purified protein

### BANKERS INTERESTED

Chicago.—(AP)—Sounding a plea for a balanced federal budget, Martin A. Graettinger, executive vice president of the Illinois Bankers Association, said in an address last night that the government's financial condition was "a matter that affects every bank very immediately right now."

He told members at the annual mid-winter conference of the organization that "the banks hold a very large proportion of the government debt. Business must soon come into the bank credit market and bankers must, therefore, very seriously discuss this subject with their congressmen."

## WAR DRAFT FOR DEFENSE ONLY

### LEGION'S AIM

Illinois county council commanders of the American Legion were urged by letter today to press for their posts' endorsement of a proposed constitutional amendment designed to limit use of the wartime draft for defense only.

The proposal also would prohibit a president "as commander-in-chief of the army and navy" from sending "soldiers and battleships any place promiscuously . . . at the expense of jeopardizing the peace of the United States."

Declaring "the American Legion believes in adequate national defense" but is "absolutely opposed to aggressive warfare," Fay Mott, adjutant of the Whiteside county council, called for approval of the following suggested amendment:

"No person shall be drafted or conscripted for military service except for the defense of the United States, or its territorial possessions; nor shall any person so drafted or conscripted be compelled to render military service outside the area bounded on the east by 30 degrees west longitude, to the south by the Equator and to the west by the international date line as now established. Neither shall voluntary military forces be sent or employed outside the above designated area except by specific authorization of two-thirds of both houses of congress."

Author of the plan was Prof. J. E. Robbins of Sterling township high school, who said a campaign in behalf of the proposal was to be launched soon.

**Oil Well Brings Suit Into Court**  
Olney, Ill., Jan. 20.—(AP)—The first producing oil well near the Olney city limits brought a royalty suit in circuit court.

Harold M. Hurley, a land man for the Bur-Kan Drilling company, sued for a mineral deed on the R. C. Allen farm, where the Bur-Kan well was brought in Tuesday. Hurley alleged Allen and his wife promised him one-fourth of their one-eighth royalty if he would get the first well of the Bur-Kan lease block drilled on the Allen land.

Hurley asserted that now that the well has come in, Allen has refused to give him the mineral deed.

## NEWS OF THE CHURCHES

### OPEN BIBLE TABERNACLE

Tuesday evening Rev. Grafton of the Presbyterian church at Ashton, was present at the Open Bible Tabernacle along with a delegation from the church.

"Why Christianity Stands or Falls on the Story of Jonah and the Whale", is the subject upon which Evangelist Sherman Miller will speak this evening.

### THE GRASSHOPPER MAN

(Sermon by the Rev. F. E. Rueckert at Grace church last evening)

Text: Numbers 13:33. And then we saw the giants, and sons of Anak, which come of the giants; and we were in our own sight as grasshoppers, and so we were in their sight.

Of course they were. They insisted on calling themselves grasshoppers and they certainly did not expect folks round about to call them lions. Here we have three "G's—God, Giants and grasshoppers. They got their eyes off of God and they got their eyes on the giants and they felt like grasshoppers. Let us get the connection. The children of Israel had gotten as far as Kadesh Barnea. It was the place they could have stepped off into the promised land. They doubted God and sent out twelve spies. When they got back they were laden with heavy fruitage. They reported that they had come to the land where God had sent them and it flowed with milk and honey. Nevertheless the people were strong and the cities were walled. Caleb and Joshua brought back the faithful report. Let us go up at once and possess it for we are able to overcome it. The fearful spies said that the land which they had gone to search was a land where they ate up the inhabitants. The devil made a bunch of liars out of them. All the inconsistencies that follow when we listen to the devil instead of God.

Now we must admit that it was a frank confession. They certainly appeared to be grasshoppers in the sight of the giants. If we were in a grasshopper's position we would have a very limited horizon. Things round about would loom to giant proportions. They would get bigger and we would get exaggerated ideas. You will find folks today who are grasshopper individuals. They live merely in fears. Nothing is real but the things they can smell, hear, taste and feel. They feel sorry for the Christians. You don't have to feel sorry for the Christians for they have honey from the honeycomb.

The grasshopper man knows nothing of spiritual value. That is

the trick of the devil. At the same time he will get a very poor memory. The devil will help you to forget the wonderful promises of God and what he has done for His people down through the ages. These men had forgotten that God with great power led them out of Egyptian bondage. They had forgotten God and had become miserable. Forgetting God makes cowards out of individuals. We don't like to be called cowards but we should face facts.

Proverbs 29:25. The fear of man bringeth a snare; but whose putteth his trust in the Lord shall be safe. 80% of man is fear. Why do you dress the way you do? Why Mr. Preacher, it is style. Is that all? What is behind style? Supposing ladies that ten years ago some one had told you you would be wearing a hat cocked on the side of your head at a 45 degree angle? Do you think I would ever be seen in such a thing? What would folks think? What would they say?

There are folks in Dixon who know what is right and what they ought to do. Why don't they do it? The fear of man bringeth a snare. How many folks have been frightened into a denial of the Lord. You hear folks say that if they had been in Peter's shoes they would have not denied the Lord. Do you always show your colors? It isn't always easy. There are times we need to take our stand for our Saviour.

The fear of man frightens many Christians into a guilty compromise with the world. They say everybody is doing it and I don't want to be ostracized from society. There are still many individuals who have the courage to stand for their convictions. Very often the fear of man keeps him from making a public confession.

They laughed at Abraham Lincoln and he landed in the president's chair. They laughed at Noah and they perished in the flood. They laughed at Lot and died in the flames. Why should one show a yellow streak when you are a child of God. When the flag passes by a good citizen will doff his hat. Why should a

THERE IS NO WHITE PIGMENT IN WHITE ANIMALS! THE WHITE COLOR IS LIKE THAT OF SNOW... SIMPLY THE REFLECTION OF LIGHT FROM MINUTE SURFACES.

THE AVERAGE HUMAN ADULT REQUIRES MORE THAN ONE TON OF WATER IN A YEAR.

WHERE water is easy to get, we are apt to forget the importance of it in the lives of animals and plants. To produce a bushel of ear corn requires about 13 tons of water, and a ton of alfalfa hay requires something like 86 tons of water.

## ANNUAL MEETING OF OGLE SERVICE COMPANY IS HELD

The Ogle Service company held its first annual meeting at Oregon Tuesday, January 18, with an attendance of 600 enthusiastic members. The service company, a subsidiary of the Farm Bureau, is a co-operative organization rendering a service to the farmers of Ogle county in the distribution of petroleum products and other farm supplies.

The business reports, as read in the morning session, showed that the organization had been very successful during its six and one-half months of operation. This year is the first time that Ogle county farmers have had their own truly co-operative supply company owned and operated by Ogle county farm people.

The address of the day was delivered by Fred E. Herndon, president of the Illinois Farm Supply company, the state organization through which 64 county co-operative companies of Illinois purchase their products. Mr. Herndon set forth some of the reasons why co-operative organizations are successful, particularly those that are affiliated with a parent organization such as the Farm Bureau. He pointed out that permanent success requires attention not only to present affairs but that those in charge shall look forward to the future agriculture and that co-operatives of this kind have much to do with the success of farm organization and agriculture in the future.

Following the address directors were elected for the ensuing year. Those elected include H. J. Donaldson, Polo; L. M. Gentry, Oregon; Edward B. Thomas, Oregon; Clarence Ratmeyer, Forreston; J. L. Hildebrand, Monroe Center; Amzi Johnson, Byron; J. H. Carney, Rochelle; Harry Stevens, Stillman Valley.

At the close of the meeting dividend checks were distributed in the amount of \$6,000 representing a distribution of earnings for the past six months on the basis of patronage after \$800 had been paid in interest on the stock and \$200 had been placed in surplus.

## DIRECTOR HOPES TO AVERT STRIKE OF NEWS GUILD

Chicago, Jan. 20.—(AP)—Martin P. Durkin, Illinois labor director, said today he hoped to avert a strike of American Newspaper Guild members of the Chicago Evening American and the Herald and Examiner, Hearst newspapers.

Following an all-day meeting, guild members voted last midnight, organizer Donald Stevens said, to defer for 24 hours action on a strike authorized Sunday by the two units.

The guild empowered the executive board to call the strike "any time after midnight Wednesday". Yesterday Durkin interceded as mediator and representatives of the guild and the management of the two papers conferred in his office. "I believe that satisfactory progress has been made and that negotiations should be continued," Durkin told the guildsmen. "I recommend a delay of 48 hours before a strike."

Members of the combined newspaper staffs, meeting during the later hours of the negotiations, accepted Durkin's recommendation, but cut the deadline to 24 hours. Stevens said the guild was demanding reinstatement of two dismissed employees, who are guild officials; a guarantee of no further salary nor personnel reductions and the immediate signing of contracts embracing editorial and non-editorial employees.

"I'm going home," Connie told she said to Eloise. "It stops, when it's flagged, at the junction. Bret won't know I've gone until morning. By then I'll be miles and miles away—as he claimed I am, anyway—in another world entirely different from this."

"You shouldn't go without telling Bret!" the other girl protested. "You may have quarreled—I know something has gone wrong between you. But don't you know that old saying about true love? And yours—and Bret's—is true, if any love ever was."

**DIETERICH HAS LITTLE TO SAY ABOUT POLITICS**

Chicago, Jan. 20.—(AP)—U. S. Senator William H. Dieterich returned to Chicago last night for the first time since announcing his candidacy for renomination, but he left unanswered the principal questions his statement provoked.  
In regard to Governor Horner's open opposition to his candidacy, the senator remarked:  
"I have no enmity towards Governor Horner, and as far as I know he has none towards me. Of course, it is the privilege of any one to support or oppose me."  
Dieterich, who came here from Washington to address a dinner of an association of employees in the federal customs service had announced he would seek a second term while Mayor Edward J. Kelly and National Committeeman P. A. Nash were enroute to Washington to talk over the Illinois senatorial situation with President Roosevelt.  
**Horner Sees F. D. R.**  
Kelly and Nash conferred with the chief executive Tuesday, but declined comment on the meeting.  
The senator said he had talked with Mayor Kelly at the capital, but added "there was nothing of any significance or public importance about that."  
He asserted he was not in a position to predict whether the Kelly-Nash organization eventually would swing its strength to him or oppose the governor's forces.  
Meanwhile, Horner was scheduled to have a conference with the President today. Before he left Springfield, he insisted it was to be a non-political meeting, with most of his Washington business revolving about such matters as social security, housing and public works grants.

**NEW BUSINESS COUNCIL F. D. R. RECOVERY PLAN**

**Would Create It To Frame U. S. Economic Policies**

Washington, Jan. 20.—(AP)—Organization of a continuing, all-embracing council was put forward by President Roosevelt today as a simple method of helping the administration formulate national economic policies.  
Consumers, investors, credit men, farmers, laborers, distributors, transportation men, financiers, and big and little business men—all these should have a voice, Roosevelt told 49 prominent industrialists late yesterday.  
The President and his visitors, who compose Secretary Roper's business advisory council, harmoniously discussed broad proposals for stemming the recession. Their meeting in the cabinet room next to the President's office lasted for 90 minutes.  
The business council members, saying that the United States possesses all factors needed for prosperity, if they are put to use, told the President in a formal statement of their views:  
"Uncertainties that exist in the hearts of men today must be eradicated."  
It is essential, the statement added, that the public know "what forms of business organizations are to be encouraged in their development and what are to be affected by reform."  
**Recognizes Some Forms**  
Roosevelt, who said a week ago he was working toward the abolition of all holding companies, qualified this yesterday by saying he recognized that some types are in the public interest.  
The business men, finding much to endorse in administration efforts, pledged support for the principles of wage and hour legislation, federal protection for farm income, modernization of anti-trust laws, and long-range planning to keep industrial employment steady.  
Recommendations of the council, together with comments by the President, included:  
1. Stimulate the flow of private capital by modifying the undistributed profits and capital gains taxes (which Congress is already working on) and by giving investors "reassurance as to the direction reform is to take." The President urged new machinery for selling securities to small investors.  
2. Make peace with the utilities by eliminating fear of government competition and eliminating abuses without crippling the whole industry. Roosevelt replied his quarrel was with only 15 per cent of the utility industry.  
3. Do not cheapen the dollar or adopt "pump priming" expenditures. This supposedly was ap-

proved by the President in giving general approval to the whole council statement.  
**Limit Campaign**  
4. Limit the campaign for elimination of holding companies to the unnecessary and undesirable ones, not all of them. The President said some holding companies are necessary for mass efficiency and are in the public interest.  
5. Modernize the anti-trust laws but legalize the desirable type of co-operation which was part of NRA. The President generally agreed.  
6. Postpone wages and hours legislation for further study of methods of accomplishing this purpose by the business and labor leaders who have experience on the question through NRA work. Roosevelt approved the study idea but said he hoped it would not prevent legislation at the current session of Congress.  
7. Make labor assume the responsibility that goes with privileges. The President said he favored getting unions, by general consent instead of by law, to make public their income and expenditures.  
The President's next group meeting with businessmen will bring the heads of the major automobile manufacturing and financing companies to the White House tomorrow.  
Botany Bay, New South Wales, Australia, was so named by Captain Cook because of the wealth of strange plants growing there.

**Brethren Pastors in Retreat at Dixon Church Wednesday**  
The Brethren paragonage of this city was the scene of a happy gathering Wednesday when 20 pastors of northern Illinois churches and their wives met in a retreat. Each couple attending brought a basket of food and a delicious dinner was enjoyed. The group gathered at 10 o'clock and the forenoon was spent in a social way, getting better acquainted, visiting and relating interesting experiences. The fellowship was helpful and enjoyed by all. After the dinner hour Rev. D. D. Funderburg of Elgin led the group in a discussion period when missions, world peace and the liquor question were considered. About a month ago three Brethren missionaries in China disappeared and have not been heard of since, and this has given the church no little concern. World peace and the evils of liquor all receive much attention in Brethren churches and a constructive teaching program promoting peace, and showing the evils of liquor will be followed this year. The pastors all reported their churches were engaged in active programs with good interest in all departments of work.  
The moderately improved near-term outlook strengthens the belief that higher security prices will prevail over the weeks ahead. The longer-term, however, is shrouded by uncertainty arising from an impaired economic system.—Poor's.
